

TAKING TIME TO GIVE THANKS.

© The Curtis Publishing Company

First Bank would like to take this opportunity to say thank you to everyone in the Lincoln area for welcoming us to the community.

Since February, it has been our sincere effort to give back to the community in a way expected of someone who appreciates the commitment our customers have made in us, and in a way that reflects our commitment to continue the worthwhile projects that have been a part of life in this area for many years.

It's our way of saying thanks, and showing our interest in the town we now call home.

First Bank
